Term	3 years	Penalty of $25/month for remaining term will be incurred if cancelled before end of contract

Online Refill Options

	Quick Refill	• Patients order refills simply using their phone# and Rx# from their pharmacy's website • No Enrolment Required • 100% of your patients can order from the day we install • If you own more than 1 store patient can pick the location before ordering
	Patient Profile Access	• Patients can view their profile online using Card Number & Password from pharmacy's Website • Enrolment Required • Visual Ordering with Medication Images • If you own multiple stores then you can offer the patient the option of seeing their profile from all you stores with one login (OPTIONAL)
	Text Refill	• Patients Refill RXs by texting their Rx#(s) • Example: Refill 123456, 123445
	1-800 Text Refill	• A 1-800 number assigned to your store OR Group of stores • If patient wants to refill … they would text this 1-800 # to order • If you own more than 1 store you can use the same 1-800 for all stores
	IVR	• Ability for patients to refill their prescriptions over the phone • No Hardware Required • Will be configured to work off your phone Menu (I.e. Press 1 to speak to pharmacy. Press 2 to refill) **Please note store will require a phone Switch OR an Auto attendant menu system like Bell Single Number OR TELUS Voicemail plus or Equivalent.
	1-800 IVR	• A 1-800 number assigned to your store OR Group of stores • If patient wants to refill … they would phone this 1-800 # instead of your phone# to order – no special phone switch or program needed • Use the same 1-800 for all stores you own

Website

Integration to Current Website	• Integration with Existing Website • Includes color matching of refill pages to your website
